

Certificate

Approved Software Signature solution

The certifying body of tekit Consult Bonn GmbH, TÜV Saarland Group, hereby certifies that the company

signotec GmbH

Am Gierath 20b, D-40885 Ratingen, Germany

is authorized to use the TÜV test mark „Approved Software“ for the

Signature solution “signoSign/2”

based on the positive result of software / hardware system proof. This result has been established by successful testing of the software and corresponding hardware (signature pads GAMMA & OMEGA). This software provides a reliable and effective mechanism for embedding signatures in PDF documents with simultaneous storage of biometric data results by signing. In the process the software has mechanisms that make any subsequent change of the document recognized.

This certification is based upon the

- TÜV Audit Standard “Approved Software” with typing signature version 1.8,
- Test-Report TR01988.

This certificate exclusively concerns the tested software and authorizes the owner to use the test mark for the purposes of advertising during the period of validity. It is not transferable or assignable.

This certificate is valid until 2017-06-30.

Certificate-No. Z2016/1584

Bonn, den 6 Juli, 2016
